

Change Request Memo

Risk Assessment Workbench — Product Owner Submission

Title:	Add New High-Yield Savings Interest Tier
Change Type:	Feature Change
Submitted By:	M. Patel, Consumer Banking
Date:	2026-09-26

Description

We propose adding a new interest rate tier for existing retail savings account holders who maintain an average balance above \$50,000. This change only affects the interest calculation applied to current customers' existing accounts; it does not introduce any new account types, new customer segments, new payment rails, or new geographies. No changes to onboarding, KYC, or transaction processing are required. This memo requests sign-off confirming no further FCRM review is needed.
